The Five Unity Principles

1. *There is only one Presence and one Power in the universe and in my life, God the Good.*
2. *Human beings have a spark of divinity within. Our very nature is of God; therefore we are inherently good also.*
3. *We create our experiences by the activity of our thinking.*
4. *There is power in affirmative prayer, which we believe increases our connection to God.*
5. *Knowing and understanding the laws of life are not enough. We must live the Truth we know.*

Rev. Joanne Burns **“Minister Message”**

Love is in the air! Building healthy and fulfilling relationships is paramount to fulfilling our mission statement: We are a vibrant, welcoming, loving community that inspires personal transformation by living Unity Principles and growing in Spiritual Consciousness.

What a better way to share your love for Unity Spiritual Center of Panama City than by participating in a greater way! That could look like attending Sunday Celebration more than you have in the past, or joining in one of our classes and study groups, or volunteering during the week with handling various tasks, or pitching in on our monthly Serve with Spirit facilities day, or offering to serve on one of the multiple volunteer teams needed for the community to function.

Thank you for filling out the 2017 Adult Education Class Survey! Your top three choices were affirmative prayer, meditation and metaphysics. Because you asked, an Affirmative Prayer class begins Monday evenings Feb 6th at 6:30pm. This five week class is available for SEE Unity credit. Make sure you sign-up for all classes and activities. It is important so materials can be prepared ahead of time for you. A

meditation class is tentatively scheduled for after the Easter holiday.

We are communicating with you in multiple ways: monthly UP-Date insert in the bulletin; monthly Rap with the Rev open forum meeting; monthly Newsletter; weekly Mailchimp email (sent from info.unitypcf@gmail.com); newly revised and informative website:

Stay tuned into what's happening in your Spiritual Community! Share what's happening and bring a friend!

So Peaceful

The only sound heard are waves crashing

The sun oh so brilliant
Jewels on the gulf

Or are they teardrops from heaven?

Abundance and Prosperity

By Mary Jo Siers

Abundance and Prosperity are two words that frequently come to mind in our material world. Possessions, family,

friends, health, jobs, talents or abilities are too often subjects of conversation. But we do remember that all good things are gifts of God! God is the source of supply and support for all our needs and desires, the power-giver of our divine inheritance as we are his creations. It is the fear of the material conditions, the fear of this or that, thoughts of lack that limit us. Once we let go of our limitations, we are opening the channel for prosperity to flow in our life according to how much of it we are ready to accept in our consciousness. Also, let us not forget to be thankful and grateful for that we desire before we receive it.

Gratitude releases a flow of good in one's life. We can begin to express gratitude for the good that is ours now - the beauty of nature, friends and loved ones, for the infinite blessings of God and for the fulfillment of every need.

Spiritual Thoughts

By Lynn Gilbert

The Love month is upon us once again and in my heart I see the timing as a perfect opportunity to realign Christ mind and life walk. In the months since February 2016 and February 2017 a lot has happened in all our lives. Personally I sometimes compare mine to a roller coaster ride. I don't care for roller coasters and just as soon not be on the "adrenalin inducing scare your pants off" ride. Life happenings cannot be so easily avoided however. I often forget that it is the spiritual that grounds me to wholeness - not the

corporal existence - which is the very definition of constant change and choice.

This month I dedicate to remembering we are here to extend the Love from which we are all created. Part of that extension is to remember we are all of the core, at the core, sharing the core of our Divine Creator. In the presence of the Divine there are no buts to excuse ourselves from what we judge too difficult to do or don't want to do. In the presence of the Divine is benign good will (God Will) to all creation. God loves Itself and we are the Wholeness of that Self.

May we all discover the ease of loving one another as our Creator Loves us. It is there that we find the peace of God.

Unity Profile Diane Batch

I was born in a hospital in Glen Head, New York on July 7 many years ago. What was it like growing up? Growing up – did I grow up yet? My family wasn't in the military, however, we moved numerous times – like every three years.

Dad did serve in the Army before I was even a figment of the imagination. My dad was self-employed running a delicatessen for sixteen hours seven days a week. Mom was a stay at home mom when we were younger taking care of myself and my two brothers. Can't say I had a bad childhood – just as challenging one. My favorite things are sunshine, friends, people, reading, the beach, dancing, gardening, visiting new places and challenges.

I found Unity when I connected with Kathy Hoffmaster at A Course of Miracles. Yes, I was looking for a miracle but not expecting it to show up as many new friendships. Unity has taught me that life is what we make of it and being "Christ" I can make choices for which path I want to choose. I want to choose the correct straight path.

What I love about Unity is the comradery and the positive energy.

FEBRUARY THEME:

"Crucial Conversations"

Based on the book Crucial Conversations available in the Unity Bookstore.

This month we consciously strengthen our skills to joyfully co-create a world that works for all by exploring relationships through our conversations. Seeing the divine in one another is easy when there isn't any disagreement or opposing viewpoints. This month we will practice what it takes to listen and communicate with an open heart.

February 5 "Crucial Conversations"

Relationships require honest and loving communication. Our day to day lives are filled with tough situations needing crucial conversations and how we handle them is often times the greatest area of our personal growth.

February 12 "Safety in Sharing"

Monitoring participants energy and behavior in conversations is equally as important as the words and tone of our voice. Keeping respect and the mutual purpose of the conversation in mind assists to recognize when someone turns to some degree of silence or violence as a communication style.

February 19 "When Emotions Speak"

Breathe deeply as emotions begin to join the conversation. Emotions don't just happen. We are each the creator of our emotional experience. Our individual triggers belong only to us. Courageous clarifying questions can save you from being taken hostage by unexamined emotions.

February 26 "Loving Actions"

It's easy for a conversation to get derailed. Recognizing the warning signs, and managing a communication failure takes awareness and compassion. It takes strength to admit you are

wrong and make amends, but it's definitely worth it! Continue to strive for the mutual purpose in the conversation and trust in stronger relationships for your efforts.
